

URGENT

With regard to press releases sent to exhibitors at FERIA VALENCIA by someone called FELIPE REYES passing himself off as a coordinator of FERIA VALENCIA, we wish to INFORM you that such press releases are a MISAPPROPRIATION OF THE IDENTITY of this exhibition centre, and that this person and communications have absolutely no connection with FERIA VALENCIA.

It is obvious that these press releases have been sent with a view to obtaining bank details of target exhibitors, an **e-mail fraud** known as PHISHING.

Consequently, we wish to alert you to the presumably **fraudulent purpose** of such press releases, and we inform you of our determination to legally proceed against the person(s) responsible for this fraud.
